

# Marion County 2011 Land Use Plan

Adopted by:

Marion County Regional Planning Commission: September, 2011

Marion County Commissioners: March, 2012

## SUMMARY

The 2011 Marion County Land Use Plan builds on the smart-growth land use policies established in the 1977 Marion County Land Use Plan. The 2011 Land Use Plan analyzed the physical characteristics of the county and reviewed trends related to population, housing, employment, business, and land use changes on a subdivision basis from 1995 to 2009. The Land Use Plan then establishes goals and objectives for the various land use categories.
